Ready-Clip™ INSTALLATION GUIDE

dbsorb
acoustic systems

1.

Align stencil to surface of install, attach to wall using a stapler, masking tape or pins. Take that the stencil is flat, it is critical to have precise location of fitments.

2.
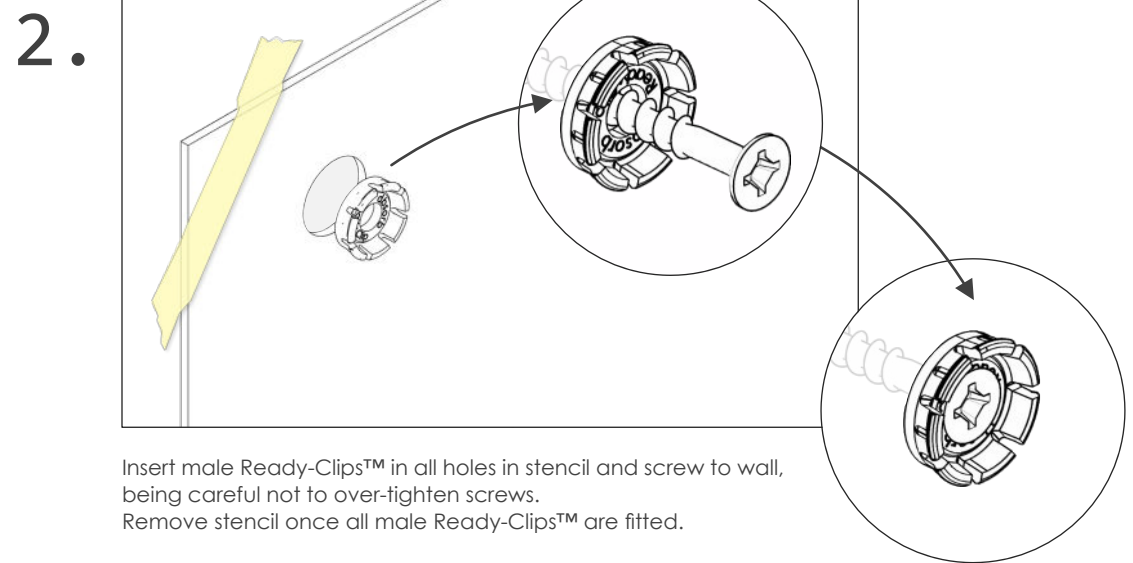

Insert male Ready-Clips™ in all holes in stencil and screw to wall, being careful not to over-tighten screws.
Remove stencil once all male Ready-Clips™ are fitted.

3.

CLICK!
Align acoustic panel, making sure the Male and Female* Ready-Clips™ are positioned correctly
Firmly push at each fitment spot until Clips lock into place.

*Female Ready-Clips™ already installed in Acoustic Panel

4.
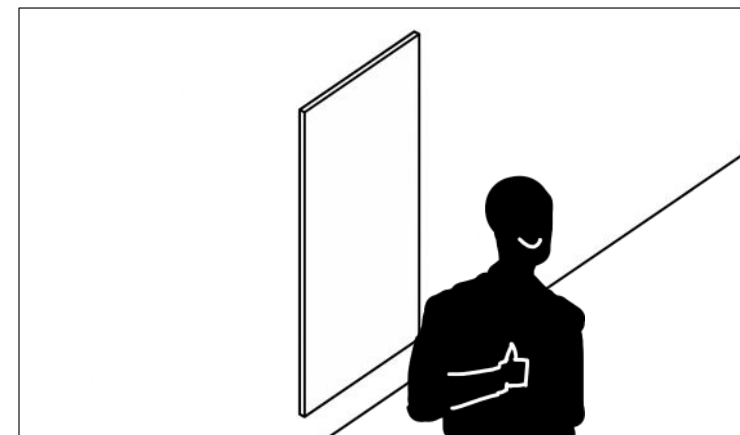

Enjoy your finished acoustic panel!
